Brief write-up

With a portfolio spanning 30+ companies, he's passionate about driving growth through Corporate Venture Capital (CVC) and Corporate Innovation (CI). He specialises in helping corporations navigate the evolving landscape of startup ecosystems, emerging technologies, and disruptive trends.

With a proven track record in designing and executing CVC strategies, he has worked closely with corporates to identify, invest in, and partner with startups that align with their strategic objectives. His expertise lies in fostering collaborations that fuel innovation, generate new revenue streams, and future-proof businesses.
